

We are UL Certified & EASA Members.

Durable Build

Shaft and gears manufactured from high-grade steel. Case hardened and ground to A.G.M.A. standards

Precision Engineered

Extended gear centers and tooth contact

Sealed Enclosure

All shafts use metal reinforced double-lip seals to keep oil in and contaminants out

Solid Casing

Heavy duty FCD45 cast iron housing for corrosion resistance

Smooth Operation

Premium ball & tapered roller bearings for smooth operation and lower noise

Highly Compatible

Mounting holes, center distances match popular TXT series; allows drop-in replacement for many competitive market brands

The Original Shaft Mount Reducer

Fully TXT compatible SMR mounts directly to the driven shaft

WorldWide Electric's Original Shaft Mount Reducer is dimensionally equivalent to the popular TXT series shaft mount reducers to provide you with the perfect solution for all of your most demanding applications. Designed to accept all TXT compatible accessories without issue, the Original SMR allows you to take full advantage of your existing safety stock and installed base. For new applications, WorldWide Electric offers a complete line of our own motor mounts, belt guards, tapered bushing kits and backstops to complement your existing operations.

Specifications

- Housing: Cast iron
- Box Size: 2-12
- Speed Ratio: 15:1 and 25:1
- Compatibility: TXT compatible drop-in; Torque arm included
- Warranty: Two-year warranty

In-Stock and Ready to Ship
